

STARDUST LED Soft Russian Juggling Balls

[Set of 3] rechargeable, 78mm 100g (Compatible with remote control)

Instructions

Turning On

Move switch to ON position and hold down button for 2-3 seconds. LED will light up.

When using remote control: Move switch to ON position and press remote control ON.

Turning OFF

Move switch to OFF position. If the power is turned off with switch in ON position, the power will run down, so always turn power OFF using the switch.

Changing LED color

With the LED on, press the button once to change to next color variation.

When using remote control: With LED on, press the color selection on remote control.

Charging

Move switch to ON position and charge using USB charger provided. Charging time

takes around 2hrs. Fully charged when color of ball changes from red to green. Remove from power immediately after ball color changes to green and switch OFF.
